PROFESSIONAL SUMMARY

Cybersecurity Professional and Computer Science Educator with one year teaching programming, databases, web technologies, and software engineering. MSc in Cyber Forensics and Cybersecurity, Alagappa University (2025). Developed full-stack web vulnerability scanner in Python. Expert in penetration testing, vulnerability assessment, security automation, and graphic design (Adobe Photoshop, Illustrator, Figma, Canva).

TECHNICAL SKILLS

Cybersecurity: Penetration Testing, Vulnerability Assessment, Network Security, Ethical Hacking, Security Auditing

Security Tools: Kali Linux, Metasploit, Burp Suite, Nmap, Wireshark

Programming Languages: Python, Java, C, C++

Web Technologies: HTML, CSS, JavaScript, PHP, MySQL, Flask

Design Tools: Adobe Photoshop, Adobe Illustrator, Figma, Canva, CorelDraw

WORK EXPERIENCE

Assistant Professor – BCA Department

July 2025 – May 2026

Thavathiru Santhalinga Adiglar Arts Science Tamil College, Perur, Coimbatore, Tamil Nadu, India - 641010

- Delivered instruction in Programming Fundamentals, Data Structures, Database Management Systems (DBMS), Web Technologies, and Software Engineering to 40+ undergraduate BCA students across 3 core modules per semester
- Designed and maintained structured course materials, lesson plans, and assessments aligned with university syllabus requirements
- Conducted practical lab sessions in C, C++, Java, HTML, CSS, JavaScript, PHP, and MySQL, ensuring hands-on competency among students
- Organized 3 technical seminars on Artificial Intelligence, data analytics, and emerging computing trends, bridging classroom learning with industry practices
- Mentored 15+ students on final-year academic projects in web application development, database design, and Python-based automation tools
- Maintained 90% student attendance and engagement rate through interactive teaching methods and regular feedback sessions
- Coordinated with the department on curriculum planning, student evaluation, and academic record maintenance

Cybersecurity Intern

October 2024 – November 2024

Arczon Industries, Tiruchirappalli, Tamil Nadu, India - 621216

- Investigated and analyzed 10+ security incidents and vulnerability reports across client network environments using threat intelligence tools
- Enforced organizational security policies and contributed to compliance documentation and security baseline configuration
- Executed risk assessments and security audits; delivered 2 cybersecurity awareness training sessions to internal staff
- Researched emerging cybersecurity threats, CVE advisories, and attack vectors to maintain current threat intelligence knowledge

PROJECTS

Web Vulnerability Scanner

January 2025 – March 2025

M.Sc. Final Year Project | Technologies: Python, Flask, OWASP Top 10, Nmap, PyInstaller

Project URL: <https://github.com/Jeyendran/Web-Vulnerability-Scanner>

- Developed a multi-vector web vulnerability scanner detecting SQL Injection, Cross-Site Scripting (XSS), open ports via Nmap, and insecure HTTP headers in a single automated scan.
- Automated 4 attack-vector detection workflows using OWASP Top 10 principles, reducing manual vulnerability identification time by approximately 70%.
- Packaged the tool as a standalone Windows executable (.exe) using PyInstaller for portable, dependency-free deployment in field security environments.
- Built a Flask web interface enabling non-technical users to run full vulnerability scans and generate structured security reports.

EDUCATION

Master of Science – Cyber Forensics and Cybersecurity

June 2023 – April 2025

Alagappa University, Karaikudi

Tamil Nadu, India | CGPA: 6.4 / 10

Relevant Coursework: Ethical Hacking, Digital Forensics, Network Security, Penetration Testing, Incident Response, Cyber Laws, Malware Analysis

Bachelor of Science – Computer Science

June 2020 – April 2023

Government Arts College, Paramakudi

Tamil Nadu, India | CGPA: 8.0 / 10

Relevant Coursework: Data Structures, Database Management, Web Technologies, Operating Systems, Object-Oriented Programming, Computer Networks

CERTIFICATIONS

- Oracle Cloud Infrastructure (OCI) Foundation Associate – Oracle, 2026
- UI/UX Masterclass – Novitech, Coimbatore, 2025
- Cybersecurity Internship Certificate – Career Ladder, Coimbatore, 2025
- Cybersecurity Internship Certificate – Arczon, Tiruchirappalli, 2024
- Programming in C – SVS Computers, Paramakudi, 2018
